Not	tes:
	Research Report was deprecated - instead of researching the topic, Andrew Cain opted for us to learn the foundations of how Doubtfire works by submitting small changes/bug-fixes. Evidence for this can be seen in the pull requests made from the Doubtfire code base by each team member during Semester 1 and midyear break: • Web Changes (https://github.com/doubtfire-lms/doubtfire-web/graphs/contributors? from=2016-03-01&to=2016-08-01&type=c)
